

Happy Talk Like a Pirate Day

Saturday, September 18th 2004

Happy [Talk Like Pirate Day](#). I have added a [Pirate filter](#) to filter all posts and make me sound like Pirate. Anyway have fun ye Picaroon. Arrrrr. Walk the plank! Aarr! Be sure to read some of the posts, as the filter adds in some random Pirate jargon, avast. Can be funny.

Hmmmm, I wonder what other special days we can come up with? How about Talk Like A Geek Day. Got any good ones? Let me now, leave a comment.

UPDATE:

It seems as though this filter borked my site, so I have disabled it for ever, me matey. Aaarr!
