

Jambo On Habari-Extras

Sunday, March 23rd 2008

I just put the latest version of the Jambo contact form for Habari on the [Habari-Extras](#) repo. So now anyone who wants to participate in the development of Jambo can do so. And please feel free do make it better, or fix my mistakes, that's why it's there.

You will also find [Tabasamu](#), [StaticFront](#), and [HabariMarkdown](#) there too. Enjoy and thanks.
